

**Council for the Accreditation of Education Preparation (CAEP)
Annual Reporting Measures**

1. Impact on P-12 learning and development (Component 4.1)

The state of South Carolina has implemented a new system (SCLEAD) to provide P-12 student learning and development data as well as indicators of teacher effectiveness data at the EPP level.

The Student Learning Objectives (SLO)s are part of annual teacher evaluation in South Carolina. The SLO is a measure of the impact teachers have on student growth, determined by the teacher’s ability to set goals for student learning and development, measure and analyze student growth, and plan, implement, and adjust instruction for student progress over a period of time.

(For the 2019-2020 academic year, not all teachers were evaluated due to the COVID-19 pandemic causing incomplete data.)

2019-2020

Teaching Effectiveness: SLO Rating

	Exemplary	Proficient	Needs Improvement	Incomplete
Graduates Evaluated n=32	12 (37.5%)	12 (37.5%)	2 (6.25%)	6 (18.75%)

*Please note that SLOs are set locally and that districts have the option to adopt their own local SLO rubric.

**2019-2020
Teaching Effectiveness: Individual SLO Ratings**
